

# Hole Centres

## GX-FX Bracket Fixing Template

This template provides the required dimensions for the hole centres when fixing a GX-FX to a wall.

Please refer to your Owners Manual for further instructions.

**NOTE:**

1. Additional wall fixing points can be used if necessary.
2. The GX-FX will drop 10mm when located on wall plate.  
This template shows the final position of the product.
3. Wall fixings are not supplied with this product.

**KEY:** ■ Do not place fixings in these areas.
